Stan Lee's Superhumans on Fokus TV Poland - Telewizja Polska - Supermocni.

Stan Lee's Superhumans is a documentary television series that debuted from August 5, 2010 to September 17, 2014 on History and Discovery Channel worldwide. It is hosted by comic book superhero creator Stan Lee and follows contortionist Daniel Browning Smith, "the most flexible man in the world", as he searches the globe for real-life superhumans – people with extraordinary physical or mental abilities. Comic book legend Stan Lee is on a quest to find the real life super heroes who walk among us! Stan Lee and Daniel Browning Smith travel the world looking for humans that have powers like heros from comic books.

You can see anytime Stan Lee's Superhumans on American Netflix, amazon prime video, Hulu and Vudu.
